UPWARD TREND IN CATTLE MARKET

WHILE SHEEP AND LAMBS ARE ADVANCING REGULARLY

Stockers and Feeders Hold Steady. But Cows and Heifers Do Not Show As Much Strength—Weak Closes With Kalbs Empty Handled—Spring Lambs At Twelve Dollars.

The Sun Special Service. KANARR CITY, May 18.—Light receipts of cattle after Monday last week turned the market upward, and sales this morning were reported to forty cents higher than Monday on killing grades. Good grades of steers and feeders held up steady, but breeding cattle declined ten to twenty-five cents, and are noticeably lower than a few weeks ago. The week closed with killers empty handled, and ready for a liberal run this week. Cattle prices were moderate at close, and the market was a fair one, strong to fifteen cents higher than close of last week. Hogs in 100's were above a week ago on killing grades, steers and feeders firm. Cattle heavy killers closed at \$9.50 to \$9.65, good killers \$9.00 and upwards, choice pig steers \$7.25 to \$7.50, several steers within that range, and common pig steers to \$5.00, fed cattle from the Panhandle country at \$8.75 to \$9.25. Steer prices averaged highest of the year today. Cows and heifers do not show quite as much strength as steers, but they come up to \$5.25, heifers \$5.00, bulls \$7.50. Stockers and feeders held steady, sales up to \$3.50. A string of three year old steers was sold in the Panhandle last week at \$61 a head, from which two cars of the falls were cut and were on the market here today, 381 pounds average, at \$3.10, of over 175, gross, making a good shipping profit. Sheep and lambs are advancing regularly, a pair of ten to twenty-five cents today, following good gains last week, goats participating. Hogs today are \$1.00 head. Winter fed Western lambs brought \$12.10 today, clipper \$19.25, fat goats weighing 82 pounds \$8.19. Angora brushers \$2.85, all new high records. Spring lambs are quotable up to \$12.00, clipped Texas weathers would bring \$5.50 or better. Texas and Arizona clipped ewes around \$5.25. About eleven thousand goats were included last week and three thousand are here today. Mexican stock, hares, lighter goats and at \$2.25 to \$1.50. Goat receipts will be liberal another week or two, and are in a good line to hold.

MINING MEN GO ON TRIP

Deaver Properties, Cedar and Palom. Seen By Salt Takers.

Among the others who went were D. H. Hunt, George C. Dunbar, Percy S. Clapper, Ben G. Hunt, Elbert J. Ryan, S. R. Pond, W. H. Chatterton, Henry E. Jones, Steve Skirris, Fred C. Dean, Paul C. Wootley, E. N. West, W. G. Jones, P. V. Fitzgerald, James P. Vix, George Baglin, Charles W. Olson, W. D. Spittig, Harry H. Cole, J. H. Bratton, Nick Kramos, R. D. Peterson, A. D. Homer, E. J. Fishers, George M. Sullivan, Allan T. Sanford, J. W. Reese, A. G. Gilbert, H. W. Lane and N. R. Neilson. Aides with the party at Milford and about the mine to the west. The Palom's shaft has been straightened out and a good shaft has been installed. Many of the members went down to the bottom, about four hundred feet below, where they were surprised at the extensive mineralization. Two shafts are working. The main shaft is being sunk with the pitch of the formation. This consists of limestone and monzonite. Excellent values are found in the quartz vein matter. Chlorides of silver and chalcopyrite are disseminated through seven feet of quartz matter. The shaft was sunk on an east-west line, at an angle to the junction with the porphyry monzonite. It is said that considerable good ore was taken in early days from an outcropping in this vein a short distance from the collar of the shaft. Many big chunks of specimen ore have been brought up from the work from the surface to the four hundred foot level.

SURVEY IS BEGUN

Salt Lake Route Will Probably Tap the Utah Basin.

Three corps of engineers are being sent into the Utah Basin for the Salt Lake Route to make a survey into the Utah Basin. The first detachment of engineers left Provo Monday and two other corps will be in the Utah Basin within a few days. The engineering corps of the road experts to complete the survey before the fall season.

ATTRACTIONS FOR SUMMER SCHOOL

WEEK OF LECTURES AT AGRICULTURAL COLLEGE

Especially Designed For Vocational Advisers, Parents, Teachers and Mutual Improvement Workers—Lectures On Child Welfare Will Be of Interest to All Sunday Schools. The Sun Special Service. LOGAN, May 17.—The summer school of the state agricultural college which begins at Logan on June 5th furnishes a week of lectures by J. Adams Puffer especially designed for vocational advisers, parents, teachers and Mutual Improvement Association workers. It also offers a week of lectures by Prof. William McKeever, the well known writer on child welfare, which will be of especial interest to all Sunday school workers. Another attractive feature of the agricultural college summer work is the Chautauque week of lectures and concerts to be held in Logan during the week beginning June 13th under the direction of the Logan Commercial Club.

STRAWBERRY CANAL IS SOON TO BE EXTENDED

PRICHO, May 16.—The Strawberry Valley reclamation project canal system in the Gosden Valley is to be further extended this summer. Bids will be received at the Provo office of the project until 2 o'clock June 5th for the construction of twelve miles of main canal from Gosden Pass, north on the west side of the West Mountain, for two miles extension of the main canal south, toward Gosden, and for about ten miles of sub-laterals. The canals are to be concrete lined, and there are eleven metal flumes in the work of from three hundred feet to more than a mile in length. The construction involves about seventy thousand cubic yards of canal excavation, eleven thousand yards of rolled blanketing, thirty-five hundred yards of excavation for structures, fifteen hundred cubic yards of reinforced concrete and seven hundred thousand square feet of canal lining.

Fritz' Cafe

When you want a full meal or a light lunch to your liking, you are sure of getting it here. All the good things in the market prepared and served as you like them best. Try a meal with us any day and see if it isn't the best you ever had. Short orders at all hours. Open day and night. Fritz Luersen, Propr. West of Golden Rule.

THERE'S NO USE TRYING

to make a tender piece of meat out of a tough one, but you can have tender meat in the first place. We sell meat that can't be beat for tenderness and for wholesomeness. All our regular customers say they get really nice meats here, and the cost, too, is light. Our meats are always ABSOLUTELY fresh and tender. Corner Meat Market R. L. Rogers, Prop. In Vigil Bros. Grocery Main St.

Fewer Ticks In Utah.

We stated several weeks ago that the Utah sheeping season was being held on this year, and have made it a special point to examine as to the number of ticks in the different districts, says the National Woolgrower. All of the ticks that we have seen have a few ticks, but in no instance were there many, and practically all the owners report fewer ticks this season than they had last season as a result of the general dipping last fall. On the other hand, however, there is a very material increase in the number of ticks on Utah sheep. In some cases the five have become so numerous as to actually cause considerable injury to sheep, particularly on the eastern slope. Sheepmen advise us that they have been increasing gradually for several years, and that they have more of them this year than ever before. While the dipping seems to have reduced the number of ticks, it certainly has not eliminated the sheep ticks, and the loss is a far more serious pest than the tick.

Sheep Pelts Are High.

The livestock market reports give sheared sheep pelts as selling from eighty cents to a dollar each with the better sorts bringing around ninety-five cents each. A considerable volume of shorn pelts are being offered in that market. Pelts with wool on are scarce and buyers plentiful and are selling at prices around two dollars and a half each for the best pelts.

Cash Lambs Selling.

Contracts have been made for a considerable number of Utah lambs to be delivered in September. The prices have generally ranged around \$7.25 per hundredweight. We are advised that in the American Park country about 85 per cent of the lambs have been sold for September delivery at \$7.25. Most of the growers, however, are holding for sight and are not disposed to sell at present.—National Woolgrower.

FORMER PRESIDENT TAIT ASKS FOR SPECIAL SERMON

NEW YORK, May 15.—Letters signed by former President Tait as head of the league to enforce peace, and a committee of prominent and church men, have been written to tell church men, have been written to tell church members throughout the thousand congregations throughout the country, it was announced here, asking them to send in their sermons next Sunday an explanation of the league's purposes. It is admitted that there is no reasonable ground to hope that the nations of the world will at this stage go so far as to disarm and create an international army and navy to police the world. "However," the letter says, "we have got to the point where there is ground for hope that at the end of this war the common sense of nations will do what every patriotic citizen would do, namely, a vigilance committee in forming a vigilance committee in which they agree to use their combined force to see that outlawry is kept down and the peace maintained." The letter adds: "Shall we not say that if nations must arm, the armaments shall be used to support law rather than to break it?"

GOVERNMENT OFFERS TO HELP BUILD ROAD

Providing Wasatch and Duchesne counties will cooperate in the construction of the Kanab-Shoshone road which is a county road from Salt Lake City into the Utah Basin the United States government will spend seven thousand dollars to further the enterprise, according to S. H. Kendall, district engineer of road construction for the forest service. The money will be expended from the receipts of the forest service revenues. This expenditure, however, will not be the first appropriation the government having already spent nearly ten thousand dollars on the road.

HOW MRS. HARROD GOT RID OF HER STOMACH TROUBLE.

"I suffered with stomach trouble for years and tried everything I heard of, but the only relief I got was temporary until last spring I saw Chamberlain's Tablets advertised and procured a bottle of them at our drug store. I got immediate relief from that dreadful heaviness after eating and from pain in the stomach," writes Mrs. Linda Harrod, Fort Wayne, Ind. Obtainable everywhere.—Adv.
